Workshop 1: Getting Started with Storyline

Workshop leaders: Helen Crandell and J.J. Howard

Working language: English

About the workshop

This hands-on one-day workshop offers an opportunity to explore the Storyline Method of curriculum integration. The Farmers' Market topic allows participants to experience the method as a "learner", engage in a variety of activities and link theory to Storyline principles and practice.

Workshop 2: Storyline za začetnike / Getting Started with Storyline

Izvajalki /Workshop leaders: Mateja Vidrih, Marja Godler

Delovni jezik /Working language: Slovenščina /Slovenian

O delavnici /About the workshop

Na delavnici se boste preko neposrednega praktičnega dela, seznanili z načeli pristopa Storyline, njegovimi teoretičnimi vidiki in nekaterimi primeri dobre prakse.

Na delavnici se bomo tekom ustvarjalnega dela srečali z naslednjimi vprašanji:

- Kako poučevati na spodbuden, učinkovit in kreativen način?
- Kako odpirati nove poti k iskanju znanja, razvijanju spretnosti in lastnih stališč?
- Kako izzvati učenca in poudariti njegovo aktivno vlogo v učnem procesu?
- Kako zagotoviti, da bo učenje postalo ciljno naravnano in trajnostno učenje za življenje?

Workshop 3: Storyline Workshop for Second Language Teachers

Workshop leaders: Sharon Ahlquist and Doris Kocher

Working language: English

About the workshop

In this practical workshop we will do two things. First, we will create a simple Storyline about neighbours living in a street, in order to show how teachers of English can use the Storyline approach with even their youngest pupils. Then we will go on to show how 'neighbours' can be used with older pupils to integrate other subjects of the curriculum, such as civics and natural science, in English.
